_____ Signature of Person Certifying Compliance				_____ Date		

Requirements:

A certificate of compliance from the final manufacturer is required for all land ambulances, as mandated in the administrative rules promulgated pursuant to Part 209 of Act 368 of the Public Acts of 1978, as amended.

“Rule 1001. (1) A person intending to make application to the department for land ambulance authorization as required by the code and these rules shall provide the department with a notarized certificate of compliance with all applicable requirements of this part. The certificate of compliance shall be executed by the final manufacturer of the land ambulance and shall be on a form prescribed by the department. A photocopy of the certificate of compliance may be substituted for the original if the location of the original is noted on the photocopy.

(2) A manufacturer executing a certificate of compliance as required by sub rule (1) of this rule shall maintain test data demonstrating compliance with the applicable requirements of this part for a period of not less than 10 years and shall, upon request, make such data available to the department.

(3) A person shall not modify an ambulance certified as complying with the applicable requirements of this part in any manner which would affect the original terms of compliance.”
